

Ever since I was introduced to the services of Jeff Platt, my computer worries are a thing of the past. If I develop a technical problem, I can always count on Jeff and his crew, to arrive promptly and fix the problem with a minimal amount of fuss. Jeff and his associates are unfailingly courteous and explain the situation in plain language. In addition, he is current with the new programs being offered by the computer industry and has often recommended changes which make my computer more efficient and easier to use. I have never been disappointed in any of the services he has offered.
