RE: Dion, Solomon, Shapiro

Dear Jeff:

I want to take this opportunity to express our deep appreciation for the work your company has performed in our office over the last few years and in particular during our renovation of the offices most recently. You have been able to modernize our office in a professional and efficient manner that has allowed us to have the ability to work more efficiently with your updating of our computer system. Both yourself and those individuals that you have working for you have answered each and everyone of our issues immediately and you have addressed each and every one of our problems throughout our relationship.

Your ability to remotely access our computer system has saved us a tremendous amount of time and money and your immediate response to each and every one of our computer problems over the years has helped us tremendously in keeping our office operating efficiently. Despite any problem that we have had with our computer system you have been able to address each and every problem immediately and professionally.

Gary and I want to take this opportunity to thank you once again for all of your help and the professional manner in which conduct your business and allow us to operate on a daily basis.

Very truly yours,

JEFFREY B. SOLOMON
