

# NASSAU CONSTRUCTION CO., INC.

925 BURLINGTON AVE. • DELANCO, NJ 08075-4803

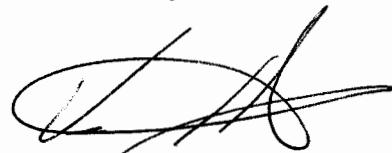

July 3, 2006

We have utilized Graphical Interfaces' expertise since October 2003. Any staff member that we call has always rescued us from our computer related dilemma. They are able to explain in detail each step that we must do to fix our errors. The support is often provided over the phone so that we can promptly return to daily business. When we need hands-on assistance, Graphical Interface quickly arrives at our door and efficiently resolves our computer difficulties.

Graphical Interface has provided us with excellent service. Along with incredible technical support and computer repairs, Graphical Interface has connected us with appropriate firms to establish hi-speed internet service, a website, and hardware upgrades.

Our company does not have to worry about computer problems, Graphical Interface is always by our side.

Sincerely,

A handwritten signature in black ink, appearing to read 'Victor Fernandes', with a large, stylized flourish extending to the right.

Victor Fernandes  
President
